

Support 808 Cleanups On

## Giving Tuesday

We couldn't do the work we do without our amazing network of volunteers, donors, and community members. We'd like to take a moment and reflect on our programs, their importance, and how we are growing them with your support.

CLEAN + REMOVE

## Rubbish

We have collected over 1 million pounds of trash since our founding. It's the first step in the site restoration process.

PULL + CLEAR

## Invasive Species

As we remove rubbish, we also focus on removing invasive plants that are crowding out native plants and preventing them from growing.

WATER + NURTURE

## Native Plants

We make space for native plants to take root and thrive which builds the foundation for ecosystem restoration.

BUILD + GROW

## Community

Our approach involves community engagement and education, and our volunteers become stewards of our sites.

RESTORE + PRESERVE

## The Beauty of Hawai‘i

Together, we can make a lasting impact and preserve the unique beauty of our islands for years to come.

HELP US GROW OUR PROGRAMS

## Give Today!

By having a consistent presence at our sites, we can produce noticeable results and provide space to educate others on the importance of environmental stewardship. With your support, we can continue and expand our programs to make a greater impact on preserving Hawai'i's beauty.

GIVE TODAY!

**Take our community feedback survey to help us improve our focus and expand our programs in ways that are of interest to you!**
